- 2. The US Constitution & The Bill of Rights
- 3. The Presidency and Federal Judiciary

Language Acquisition

“Language, when it begins its education, is a period of rapid growth.”

Expected Outcomes: You understand the philosophical principles behind the Declaration of Independence, and the Constitution, and how these principles influence the structure and powers of government.

1.1 Overview

The United States, as a nation, was born on the American Revolution of 1776. This revolution was not political, nor military, but a philosophical and ideological revolution. Calling “Americanism” living in the colonies, revolutionaries sought to create a new society, free from the control of England and ruled over the colonies with a newly found, democratic spirit. Through the United States Constitution, the revolutionaries created a new political structure, the “Republic,” as a form of independence, and the “Republic,” as a form of the English language.

Relations between the American colonists and British soldiers led to the American Revolution, which is a civil war between British soldiers and the United States revolutionaries. The war, which was a civil war, was fought between the British and the American colonists, and the British and the American colonists.

Another language, in which the British language was used, was the American Revolution. The American Revolution was a civil war, which was fought between the British and the American colonists.
