A lot of research is being done and as the results come in we learn more. This book helps with that learning as there is a lot of information presented that does get the minds thinking. We get an insight into what the afterlife is and how reincarnation fits into that and why in the long run it turns out to be not just the best but the only option for the afterlife. To learn why this option is so beneficial one has to just turn the page and start reading. The author has put all of his efforts into this book and it shows. **Afterlife** Barry Eaton, 2013. Based on his own amazing experiences communicating with those who have passed over, Barry Eaton answers these questions about the spirit world and many, many more. Taking the reader on a journey through the realm of the spirit, the author details the whole process of crossing into the next life from the journey home to adapting to new living conditions in the afterlife and even delving into what kinds of activities will be available there and how we can be prepared for our own personal journey.
