Programmable feature keys

There are two methods for programming your phone:

- Direct programming** — Contact the key you want to program, and hold 1 down for at least two seconds. This key only enables programming but also lets you immediately program that specific key.
- Feature programming** — Press **PROGRAM**. The verbal User Guide will assist in your setting up. Through the 32 menu items, during which you can choose the appropriate option.

The programmable feature keys can be programmed as:

- Line keys** — If programmed with a two-digit line number, the key will connect to the line providing only information and return the voice.
- Station keys** — If programmed with a three digit extension number, the key will provide station ring status and direct station answer and transfer.
- Speed-dial keys** — Can be used for automatic dialing of frequently called outside numbers. Enter the line access code (5, 6 or 7) over the phone number.
- Additional feature keys** — Depending on your system, there may include message control, service charging, night sign, system speed dial, personal greeting on, and the feature Administration by extension.

Special features

Monitor mode

You can program your phone to allow hearing a message at 2 if being off in your mailbox. For your extensive description.

Call forwarding

On a 3-Party Feature Phone that is 2 and then press a station key to forward your call to that station. To enable call forwarding, dial 2 2 2 and hang up. You can make a call-forward key by assigning 2 2 2 to a programmable feature key.

On a 3-Party Feature Phone Press **CFWD** and then press a station key to enter an extension to forward your call to that station. To disable call forwarding, dial **CFWD 4** and hang up.

Message Recall On (optional)

Your phone system stores your 10 most recently deleted messages in a Message Recall list. **PROGRAM 2** is able to let you to re-call messages that may have been deleted in error.

Off-hook indicator/message light

The red message light, located at the top of the phone, indicates those conditions. A phone that's off-hook gives red ring tone priority, continuously "beeps" when ringing (except priority) and beeps when that station has two more red rings (after priority). The indicator will light according to the priority of the condition.

Headset jack

Your phone may also be equipped with a headset jack located on the bottom of the phone. To use a headset, dial message 2 2 4 to a programmable feature key, making it a headset key, then plug the headset into the phone. To answer a call, press the headset key you programmed to answer the call, press the headset key again. You can still use the handset at any time. However, in silent-talk or headset mode, you must press the programmed headset key before placing the headset back in its cradle. (See the User's Guide for more details.)

Note: You must program headset operation **PROGRAM 2 2** and use an optional headset amplifier if you are using an 800 phone without a headset jack or an 800 system manufactured in 2003.

Using help mode

Your phone's help mode is designed to help you learn about phone features, how to use your phone, how to use voice mail, and how to handle calls and messages. Line labels. To access one of these topics, press **HELP** and choose from the menu.

When programming a feature on your phone, you can press **HELP** to view a more extensive description of that feature.

The on-board user manual — **HELP 4** — explains all aspects of call and message handling in a logical step-by-step manner.

Using voice mail

Note: Certain 800 phone systems have either an integrated **Answering Machine** option or use externally. For system details or to view how to set up, Contact your System Administrator for more information.
