John Dominelli

Kuta Glide Reflection:

Reflections on Persian Grammar Abe Soheili,2017-08-21 This book is the first authoritative survey of the historical developments of Persian grammar from the first attested work some 200 years ago to the present day It examines the development of Persian linguistic thought in five different periods and analyses the underlying assumptions of the grammars belonging to each period in light of contemporary ideas on the nature of grammar and new frameworks for grammatical analysis This historical survey shows the profound influence of Arabic and Western linguistic thinking on the development of Persian grammar as well as a dramatic shift of perspective from a traditional grammatical analysis to new and divergent procedures adopted by more recent schools of linguistics The end result of this transition has culminated in less reliance on foreign influence and the emergence of more self motivated independent researchers in the uncharted territory of Persian grammar and its sub components The two comprehensive Persian and English glossaries at the end of the book will enable readers to better understand the grammatical concepts covered here **Words Between Worlds** John Dominelli,2023-11-07 In 1974 when John Dominelli was twenty years old he left his home in Port Coquitlam British Columbia on what he originally thought would be a six month working holiday in New Zealand However not long into his journey feeling the seductive pull of the vast and mysterious world what started as a planned sojourn eventually turned into an epic three year spiritual odyssey taking him from New Zealand to Australia Asia India Europe and many points between John s journey was interrupted and enriched by a psycho emotional meltdown two serious illnesses a powerful psychedelic interlude with psilocybin mushrooms and a mystical encounter with Nisargadatta Maharaj the now well known sage from Bombay An epic coming of age memoir that is part love letter to a bygone age and part inspirational text stirring a desire in readers to seek out a life less ordinary **Languages of Cape York** Australian Institute of Aboriginal Studies,Peter Sutton,1976
