Smarter Investing in Any Economy Michael J. Carr, 2008 This book is about letting the little guy do what the big guy has always done Hedge funds pension funds and other institutions have always used relative strength investing to rack up big returns yet the methodology has never been presented to the individual investor as a viable easy to understand investment strategy as it is in this book

Mastering Market Timing Richard A. Dickson, Tracy L. Knudsen, 2011-06-29 For generations technical market analysts have relied on the Wyckoff method for understanding price volume interactions a breakthrough technique created by Richard D Wyckoff one of the most influential traders in stock market history More recently many technical analysts have also applied the Lowry Analysis an exceptionally powerful approach to understanding the forces of supply and demand that are the starting point for all macro analysis Now for the first time two leaders at Lowry Research discuss how to combine these methods Drawing on more than 45 years of experience as technical analysts Richard A Dickson and Tracy Knudsen introduce a uniquely powerful objective and quantifiable approach to applying traditional price volume analysis By understanding their techniques investors can gain insights unavailable through other technical methodologies and uncover subtle indications of emerging trend shifts before other methods can reveal them

The Three Skills of Top Trading Hank Pruden, 2007-04-06 Praise for The Three Skills of Top Trading Professor Pruden s new book The Three Skills of Top Trading is unquestionably the best book on a specific trading method and the necessary attributes for trading that I have read His logic understanding of human foibles and use of the Wyckoff method of trading are broadly referenced readable understandable and entertaining Charles D Kirkpatrick II CMT coauthor of Technical Analysis The Complete Resource for Financial Market Technicians Editor of the Journal of Technical Analysis and board member of the

Market Technicians Association At long last someone has taken the time and effort to bring the work and insight of Wyckoff to wider public attention and Hank Pruden has done so masterfully with great clarity and eloquence Hank has taken the best of Wyckoff's work combining it with the essential aspects of trader discipline and psychology to provide a highly readable and particularly useful guide to trading MUST READING Jacob Bernstein www.trade-futures.com Hank Pruden puts all of the elements needed for successful trading into one volume This book not only belongs on every trader's shelf but should be close enough for continuous reference Martin J Pring President www.Pring.com Dr Pruden has brought together his lifetime of work in developing a modern approach to analyzing and trading the markets built upon classic market analysis from the early part of the twentieth century and topped off with modern day tenets of behavioral finance and mental state management Thom Hartle Director of Marketing for CQG Inc www.cqg.com I usually consider a book to be well worth reading if it gives me one paradigm shift I believe that this book will give the average investor a lot more than just one Van K Tharp PhD President Van Tharp Institute [The Visual Investor](#) John J.
