Maritime Port Technology And Development:

Sun Above the Horizon Peter F. Varadi,2014-05-27 The meteoric rise of the photovoltaic PV industry is an incredible story In 2013 Google s investments in PV systems totaled about half a billion dollars and Warren Buffet one of the famous investors invested 2.5 billion in the world s largest PV system in California These gigantic investments by major financial players were made only 40 years after the first two terrestrial PV companies Solarex and Solar Power Corporation were formed in the USA Back in 1973 the two companies employed 20 people and produced only 500 watts of PV power Now just 40 years later over a million people work in the PV industry The worldwide capacity of operating PV electric generators equals the capacity of about 25 nuclear power plants The PV industry is growing at an annual rate of 30 percent equivalent to about five new nuclear power plants per year Today solar electricity is a significant supplier of electricity needs to the extent that PV is forcing the restructuring of 100 year old electric power utilities This book describes how this happened and what lies ahead for PV power generation

Maritime-Port Technology and Development Dipti Kaura,2015 A port is a location on a coast or shore containing one or more harbors where ships can dock and transfer people or cargo to or from land Port locations are selected to optimize access to land and navigable water for commercial demand and for shelter from wind and waves Maritime transport is the shipment of goods and people by sea and other waterways Port operations are a necessary tool to enable maritime trade between trading partners To ensure smooth port operations and to avoid congestion in the harbor it is inevitable to permanently upgrade the port s physical infrastructure invest in human capital fostering connectivity of the port and upgrade the port operations to prevailing standards Hence port operations can be distinct as all policies reforms and regulations that influence the infrastructure and operations of port facilities including shipping services
