Employee Training And Development 5th Edition:

Employee Training and Development Raymond A. Noe, 2007-01-01 Raymond Noe's *Employee Training and Development* sets the standard in this course area. Its popularity is due to the lively writing style and inspiring examples of the most up-to-date developments in training research and in practice, including the strategic role of training and the use of new technologies in training. *Employee Training and Development* strikes a balance between research and real company practices. It provides students with a solid background in the fundamentals of training and development, including needs assessment, transfer of training, designing a learning environment, methods, and evaluation. *The Oxford Handbook of Lifelong Learning*, 2021-06-01 This Handbook provides a comprehensive and up-to-date examination of lifelong learning. Across 38 chapters, including twelve that are brand new to this edition, the approach is interdisciplinary, spanning human resources, development, adult learning, educational perspective, psychology, career, and vocational learning, management, and executive development, cultural anthropology, the humanities, and gerontology. This volume covers trends that contribute to the need for continuous learning, considers psychological characteristics that relate to the drive to learn, reviews existing theory and research on adult learning, describes training methods and learning technologies for instructional design, and explores current and future challenges to support continuous learning. *Advancing Student Employability Through Higher Education* Christiansen, Bryan, Even, Angela M., 2024-01-29 The global skills gap and labor market disruptions pose a significant challenge for organizations worldwide. Higher education struggles to bridge the mismatch between skills taught in academia and those demanded by employers, hindering organizations in an era of heightened competition. *Advancing Student Employability Through Higher Education* offers a comprehensive solution to address this issue. Edited by Bryan Christiansen and Angela Even, this publication brings together innovative research and insights from employers and employees, serving as a valuable resource for academic scholars seeking the latest research on employer requirements in an era of increasing global hyper-competition. Covering topics like industry-academia collaboration, educational innovation, learning analytics, and educational artificial intelligence (AI), the book provides practical strategies and innovative approaches to bridge the gap between academic instruction and real-world organizational needs. It equips students with the skills and qualifications necessary to thrive in today's global economy through case studies on online learning effectiveness and training evaluation. By leveraging the expertise of renowned scholars and industry practitioners, the book enhances understanding of the intricate dynamics of the workforce. It empowers scholars, graduate students, and higher education professionals to navigate the evolving needs of organizations, fostering success for individuals and organizational growth in an increasingly competitive landscape. Career Development and Job Satisfaction Josiane Fahed-Sreih, 2020-09-09 This book, *Career Development and Job Satisfaction*, not only looks at how employees can develop their careers and create career paths that are meaningful for their lives; it also looks at keeping employees satisfied with their jobs.
