telling of this nearly unbelievable conspiracy informed by interviews with all the key players this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press It s a study in power strategy and one of the most wildly ambitious and successful secret plots in recent memory Some will cheer Gawker s destruction and others will lament it but after reading these pages and seeing the access the author was given no one will deny that there is something ruthless and brilliant about Peter Thiel s shocking attempt to shake up the world *Motion Picture Story Magazine* ,1924 *Herald of Gospel Liberty* Elias Smith,1912
