Physiology for Nursing and Healthcare Students is a succinct but complete overview of the structure and function of the human body with clinical applications throughout. Designed specifically for nursing and healthcare students, the new edition of this best-selling textbook provides a user-friendly, straightforward, jargon-free introduction to the subject. Key features include clinical considerations and scenarios throughout, showing how the material can be applied to daily practice. Featuring over 300 superb full-colour illustrations, it now includes a boxed feature throughout on medicines management, providing information concerning a variety of medicines used in the care and management of people that are related to the body system of the chapter. The Conditions feature within each chapter provides you with a list of disorders that are associated with the topics discussed, helping relate theory to practice. Each chapter includes learning outcomes, test your knowledge scenarios, activities, and summaries. Includes a list of prefixes and suffixes as well as normal values and a glossary of terms. Supported by enhanced online resources with fantastic extras for both lecturers and students, including an image bank, online glossary, flashcards, interactive multiple-choice questions, examples of patient notes, and more. This edition is now supported by an accompanying study guide to facilitate the learning and revision of the content within this book.

Fundamentals of Anatomy and Physiology Workbook: A Study Guide for Nurses and Healthcare Students **Human Anatomy & Physiology**
Elaine Nicpon Marieb, Katja Hoehn, 2010

With the Eighth Edition of the top-selling Human Anatomy Physiology with MyA P text, trusted authors Elaine N Marieb and Katja Hoehn have produced the most accessible, comprehensive, up-to-date, and visually stunning anatomy physiology textbook on the market. Marieb draws on her career as an A P professor and her experience as a part-time nursing student, while Hoehn relies on her medical education and classroom experience to explain concepts and processes in a meaningful and memorable way. The most significant revision to date, the Eighth Edition makes it easier for you to learn key concepts in A P. The new edition features a whole new art program that is not only more visually dynamic and vibrant than in previous editions but is also much more pedagogically effective for today's students, including new Focus figures which guide you through the toughest concepts in A P. The text has been edited to make it easier than ever to study from and navigate, with integrated objectives, new concept check questions, and a new design program.
