Cardon, Anne-Marie Womack, 2022-12-27 Inclusive College Classrooms provides instructors with research based practices and tools to create an effective and inclusive classroom environment Filling a visible gap in pedagogical training this important book responds to current barriers to inclusion in higher education by helping instructors improve the methods they are already using and identify new methods that could enhance their courses The inclusive approach in this book is informed by critical pedagogy universal design for learning and intersectional social justice pedagogies The authors identify practices in education that exclude historically marginalized groups and outline teaching strategies that can create more inclusive classrooms where all students can feel heard and represented This timely volume is packed full of hundreds of example lessons from across a range of disciplines tips for moving classes online questions to generate dialogue about various methods and appendices on lesson planning With this book in hand instructors can continually adapt and revise their pedagogy to be more inclusive and effective Girlhood at War Vjosa Musliu, 2025-09-04 This book tells the true story of a young girl growing up during the Kosovo war and its immediate aftermath following Kosovo's liberation by NATO troops in 1999 Through her embodied experiences the book exposes the tangible and everyday acts and events of the war providing brutal insight into the impact of war and the politics of subjugation At the outset of the book in 1998 Vjosa's view of the world as a young child is organized in clear dichotomies the good Albanians and the evil Serbs the brutal Serbian military shelling Albanian civilians and the angelic NATO airplanes bombing Serbian military sites This Manichean worldview starts to unravel after Vjosa and her family are chased away from their home by the Serbian military and moved to the suburbs There surrounded by mostly poor and uneducated fellow Albanians she gradually discovers the layers of her family's socio economic privileges Though unequipped with the language to verbalize it she is tormented by the idea that her family's comparatively higher socio economic status is the reason why they are spared by the Serbian military When the war ends in 1999 and the NATO tanks fill the narrow streets of her hometown as Serbian military tanks leave Vjosa believes she received her own happily ever after She celebrates her thirteenth birthday happily wearing a US military uniform holding an unbearably heavy unloaded gun as she becomes the favorite interpreter of the American NATO troops She spends several months after the war occasionally translating between angry Albanians who now seek revenge against Serbs and NATO troops who insist on not picking sides showcasing the impossibility of rebuilding Kosovo with both sides'ism becoming the modus operandi of the international intervening structures *Children's Software Review*, 1993
