Faking It A History Of Counterfeiting In Canada:

Faking It! James Powell, Jill Moxley, 2013 **Fake Identity?** Caroline Rosenthal, Stefanie Schäfer (Dr), Dr. Stefanie Schäfer, 2014-05-15 In North America imposture narratives of all kinds from ethnic impersonation to confidence games abound because the socio cultural history and national mythologies of the US and Canada are an especially fertile ground for the invention of identities whether fake or real When discovered imposture incites fascination and scandal yet it also showcases how identities are made Fake identities thus are a negative lens through which the performance of selves become obvious The essays in this book examine both real and fictional imposture with a special interest in identity performance and in the cultural value attributed to authenticity in Western culture The North American impostor narrative helps contextualise and historicize how selves are made from the narrator of colonial travelogues to postmodernist author narrator voices from the urban con game to trickster shamanism **Fake Heritage** John Darlington, 2020-10-02 The first survey of the many redesigned and imitation historical landmarks and objects that dot the globe John Darlington shows it is not just written history that is malleable it is also history on the ground heritage in brick and stone wood and metal Simon Jenkins Times Literary Supplement What happens when the past or more specifically a piece of cultural heritage is fabricated From 50 replica Eiffel Towers located around the world to Saddam Hussein s reconstructions of ancient cities examples of forged heritage are widespread Some are easy to dismiss as blatant frauds the Piltdown Man while others adhere to honest copying or respectful homage the Parthenon in Nashville Tennessee This compelling book examines copies of historic buildings faux archaeological sites and other false artifacts using them to explore the ethics and consequences of reconstructing the past it also tackles the issues involved with faithful above board re creations of ancient landmarks John Darlington probes questions of historical authenticity seeking the lessons that lurk when history is twisted to tell an untrue story Amplified by stunning images the narrative underscores how the issue of duplicating heritage is both intriguing and incredibly complex especially in the twenty first century as communication and technology flourish so too do our opportunities to be deceived **Fake Degrees and Fraudulent Credentials in Higher Education** Sarah Elaine Eaton, Jamie J. Carmichael, Helen Pethrick, 2023-01-10 This book addresses an important topic in higher education credential fraud This includes but is not limited to fake degrees diploma mills admissions fraud and cheating on standardized admissions tests The book directly addresses fake and fraudulent credentials in higher education It explores transcript tampering and fraud in varsity athletics and discusses lazy practices in the higher education hiring processes that open the door for professors without proper credentials to get jobs in post secondary institutions The book also discusses how technology is being used to stop the proliferation of fake and fraudulent credentials in a variety of ways including blockchain technology **Disruptive Information in Canada** Ahmed Al-Rawi, 2025-07-24 This book examines Canadian news content that references different terms related to fake news and disinformation while providing an analysis of Canadian journalists views on how to report on

fake news and its impact in today's society *Disruptive Information in Canada* presents a discussion on the public's discourses on disruptive information in relation to Canadian issues as the majority of previous studies are limited to the US or European contexts. It offers unique insight into fake news reporting and discourses in Canada since it examines several main areas like news coverage, journalists' views, advertising, and trolling on social media. This book offers a new theoretical conceptualization of our post-truth era by introducing the concept of Disruptive Information via focusing on news and social media content as well as journalists reporting on these issues. With the use of a mixed methods approach, it provides different insights into this important topic. *Debunk It! Fake News Edition* John Grant, 2019-09-03. We live in an era of misinformation, much of it spread by authority figures including politicians, religious leaders, broadcasters, and of course apps and websites. In this second edition, author John Grant uses ripped-from-the-headlines examples to clearly explain how to identify bad evidence and poor arguments. He also points out the rhetorical tricks people use when attempting to pull the wool over our eyes and offers advice about how to take these unscrupulous pundits down. Updated to include a chapter on fake news, *Debunk It* serves as a guide to critical thinking for young readers looking to find some clarity in a confusing world. *Asian Canadian Writing Beyond Autoethnography* Christl Verduyn, 2008-08-14. *Asian Canadian Writing beyond Autoethnography* explores some of the latest developments in the literary and cultural practices of Canadians of Asian heritage. While earlier work by ethnic, multicultural, or minority writers in Canada was often concerned with immigration, the moment of arrival, issues of assimilation, and conflicts between generations, literary and cultural production in the new millennium no longer focuses solely on the conflict between the Old World and the New, or the clashes between culture of origin and adopted culture. No longer are minority authors identifying simply with their ethnic or racial/cultural background in opposition to dominant culture. The essays in this collection explore ways in which Asian Canadian authors and artists have gone beyond what Françoise Lionnet calls autoethnography or ethnographic autobiography. They demonstrate the ways representations of race and ethnicity, particularly in works by Asian Canadians in the last decade, have changed, have become more playful, untraditional, aesthetically and ideologically transgressive, and exciting. A Harvard professor and urologist offers a rare view into the secret world of his patients, providing new insights on men's sex relationships. This accessible treatment of the emotional and physical nuances of male sexuality is informative and entertaining and will appeal
