Grade 2014 Tourism Pat 2:

Resources and Environmental Management for Green Development Fengtai Zhang, Xiaowei Chuai, Lei Gao, 2024-02-09 Resources are the material basis for human development while the environment is the fundamental condition for human development. The exploitation and utilization of resources will lead to environmental changes which in return will have an impact on resources. At present due to the increase of population and the continuous expansion scale of human production activities how to address the trade off between resources exploitation and environment protection has become an important issue for human sustainable development. Green development is a mode of economic growth and social development that emphasizes efficiency, harmony and sustainability. It can realize the coordination and sustainability among population, economy and social development, resources and environment and is a promising means to solve the current problems associated with resources and environment. Handbook of Teaching and Learning in Tourism Pierre Benckendorff, Anita Zehrer, 2017-01-27 This comprehensive Handbook provides an international perspective on contemporary issues and future directions in teaching and learning in tourism. Key topics include assurance of learning, development of skills, learning in the field, work integrated learning, sustainability and critical studies, internationalisation, technology enabled learning, links between teaching and research and graduate student supervision. Within these topics attention is devoted to the discussion of curriculum, pedagogy, assessment, students, educators and trends and issues. The Handbook provides a valuable resource for understanding teaching and learning theory and practice in tourism. TEFL Tourism Hayley Stainton, 2019-07-22 There is evident lineage between the concepts of teaching English as a foreign language (TEFL) and tourism represented through evocative marketing material, the commoditisation of the TEFL product, teacher motivations and experiences. Yet to date there has been no recognition of these links within industry or academia. This book introduces the concept of TEFL tourism, outlining the scale of the sector and the rapid commercialization of TEFL teaching across the world, locating it as an emerging form of niche tourism. The text outlines the organisation types and geographical locations, emphasizing the commodification of English language teaching. It also outlines the types of TEFL tourists, the complexities of international education links with various tourism forms and sustainability considerations of the industry. The book will appeal to tourism academics and students in particular those with interests in educational and volunteer tourism as well as sustainable tourism and commodification. *New Models for Technical and Vocational Education and Training* Makgato, Moses, Afeti, George, 2020-12-18 Technical and vocational education and training at technical schools are major contributing factors in combating poverty, unemployment and inequality. The primary purpose of technical and vocational education and training is to prepare students and learners for the world of work and for a smooth transition from education institutions into the workplace. As the Fourth Industrial Revolution continues to create more radical changes in the labor market, experts are calling for a reform of education including vocational education and training and adult and professional education. New

Models for Technical and Vocational Education and Training is an essential scholarly research book that examines TVET and CET colleges and programs that provide intermediate skills to enhance students chances of employability and entrepreneurship in Industry 4.0 The book explores knowledge in respect to workforce preparation digital skills development teaching and learning of TVET flexibility and articulation of TVET to respond to work integrated learning and reskilling and upskilling to avoid skill mismatches It is ideal for TVET schools academicians curriculum designers managers training officers administrators vocational professionals researchers and students
