Ioannides,Dieter Fellner,Andreas Georgopoulos,Diofantos Hadjimitsis,2010-10-29 This volume comprises the proceedings of
the Third International Euro Mediterranean Conference EuroMed 2010 on the historical island of Cyprus The focal point of
this conference was digital heritage which all of us involved in the documentation of cultural heritage continually strive to
implement The excellent selection of papers published in the proceedings reflects in the best possible way the benefits of
exploiting modern technological advances for the restoration preservation and e documentation of any kind of cultural
heritage Above all we should always bear in mind that what we do now may be used by people in another century to repair
rebuild or conserve the buildings monuments artifacts and landscapes that seem important Recent events like earthquakes
tsunamis volcanic eruptions fires and insurrections show that we can never be too prepared for damage to and loss of the
physical and non tangible elements of our past and in general our cultural heritage To reach this ambitious goal the topics
covered included experiences in the use of innovative recording technologies and methods and how to take best advantage of
the results obtained to build up new instruments and improved methodologies for do menting in multimedia formats
archiving in digital libraries and managing a cultural heritage Technological advances are very often reported in detail in
specialized fora This volume of proceedings establishes bridges of communication and channels of co eration between the
various disciplines involved in cultural heritage preservation **PC Mag** ,1992-03-31 PCMag com is a leading authority on
